

Limited Lifetime Warranty

Coverage Statement

Stainless Wallpro guarantees that its stainless steel wall protection systems will be free from material and manufacturing faults for the life of the product, provided they are used as intended and installed according to our specified guidelines.

Proper Use and Installation

This warranty remains valid only when the product is installed and maintained using the instructions provided by Stainless Wallpro. Any use of unapproved adhesives, mounting hardware, or installation procedures may void this warranty.

Filing a Claim

To submit a warranty claim, a written request must be sent to Stainless Wallpro, including proof of purchase and a description of the issue. If we determine the product to be defective due to a manufacturing or material issue:

- A replacement will be provided at no cost to the purchaser.
- Shipping costs for the replacement product will be covered.
- Labor, removal, or installation costs are not included under this warranty.

What's Not Covered

This warranty does not apply to damage resulting from:

- Misuse, neglect, accidents, or unauthorized alterations
- Installation methods not aligned with our guidelines
- Environmental conditions or exposure to chemicals that exceed product design tolerances
- Normal aging, wear, or cosmetic changes that do not affect function

Limitations and Legal Notice

This is the sole and exclusive warranty offered by Stainless Wallpro. We make no other warranties, express or implied, including warranties of merchantability or suitability for any specific purpose. Our responsibility is strictly limited to replacing defective products. We do not accept liability for indirect, incidental, or consequential damages of any kind.
